On June 7, 2011, Shelly was diagnosed with Stage 3 breast cancer (Invasive Lobular Carcinoma). She had a bilateral mastectomy in July and is undergoing chemotherapy and radiation, with other surgeries to come in the future. Hopefully all procedures will be completed by the summer of 2012. Currently Shelly is unable to work fulltime due to the treatments she is undergoing. Shelly and her husband Jason reside in Nowthen, MN with their two sons Cody and Jake. The Bromen's are active in the St. Francis School District and surrounding community's activities.
